

Chopstick duck

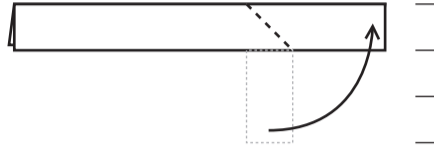

1.

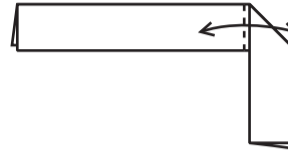

Valley fold the chopstick wrapper in half.

2.

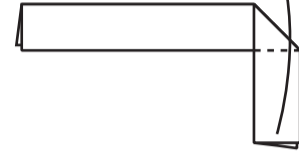

Valley fold on a 45° angle, the folded section should be twice the width.

3.

Fold and unfold.

4.

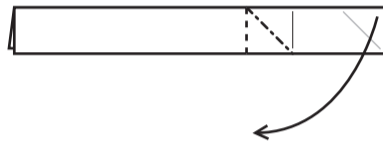

5.

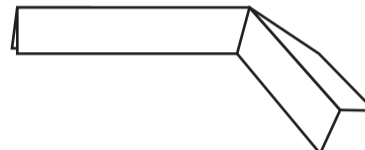

Fold and unfold on 45° angle. Fold and unfold. Then unfold back to step 2.

6.

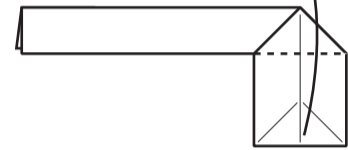

Make a squash fold, the final shape is shown in step 8.

7.

The squash fold in progress.

8.

9.

10.

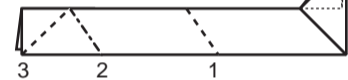

Make an inside reverse fold.

11.

Completed inside reverse fold.

12.

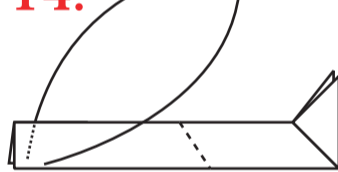

Make 3 folds in order to shape the ducks neck and head, this step is to teach the paper how to fold for the next few steps.

13.

The shaped duck. Unfold back to previous step.

14.

Make an outside reverse fold on the first fold.

15a.

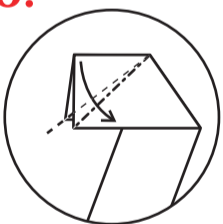

Make an outside reverse fold on fold 2.

15b.

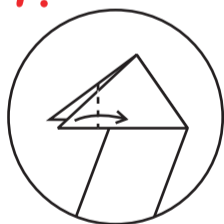

Like this. The following steps are a close up of the head.

16.

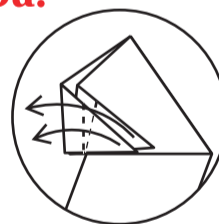

Make an inside reverse fold.

17.

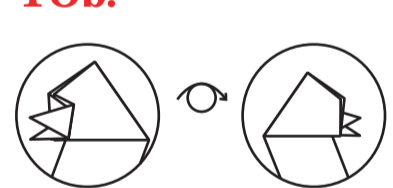

Valley fold both points of the beak.

18a.

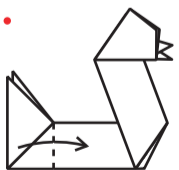

Valley fold the points of the beak, fold one higher than the other

18b.

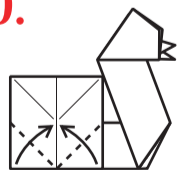

Like this, turn the model over to see the ducks 'good side'.

19.

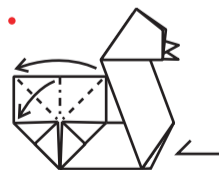

Almost finished. Open the tail on the crease shown.

20.

Fold corners to the middle.

21.

Fold back to original position. Open the front of the duck slightly with your finger.

22. Finish
